TOGETHER WE CAN END DOMESTIC VIOLENCE & SEXUAL ASSAULT

**Rape is wrong. Battering must end.
Break the silence. Report violence.**

“Safer at home” is a necessary step during these times of public health emergency from the novel coronavirus – but not all homes are safe. No one deserves to be battered or abused. All sexual contact without consent is against the law. **Get help for yourself and your children or for friends, relatives and coworkers.** Be smart – if you are being abused, make the call when outside the house – at grocery or gas station.
